

Everybody Plays! • Community Foundation Giving Fund

\$15,000 was secured to provide low-income families an opportunity to participate in recreational programs.

Senior Programs • Barney Trust and Hogg Fund

\$33,603 was allocated to the Rudy Luepke Senior Center.

Take Back Evergreen Park Neighborhood Playground Program • City of Vancouver

\$8,000. This summer playground program provides recreational activities for children ages 5-12 creating a positive, safe atmosphere for children living in this neighborhood.

Beaver Park Development • City of Washougal

\$4,271. This grant will be matched by the City of Washougal's Park Impact Fund to provide a Raptor Dig play feature in the park.

Traveling Summer Playground • City of Battle Ground

\$4,400. This 10-week, free traveling playground, will visit four parks once a week for two hours per week this summer providing fun, recreational, organized play for children ages 3-8.

Nature Play Demonstration Area • City of Vancouver

\$5,000 funded through the Firstenburg Family Foundation. This project supplemented existing play opportunities at the LeRoy Haagen Community Park through the addition of nature play features that will encourage children to explore, learn, and have fun in a natural, unstructured environment.

City Event Tent • City of Camas

\$2,800 funded through Georgia-Pacific. In addition to serving the City of Camas' Parks and Recreation Department, the new event tent will be shared with other local public agencies and cities.

Water Fountain for Davis Park • City of Ridgefield

\$2,500 funded through Corwin Beverage. Davis Park provides playground and open space supporting non-supervised and non-organized recreational opportunities for children in both the 3-5 and 5-12 age groups. Thank you Corwin Beverage for adding a water fountain to the list of Davis Park amenities!

Security Lighting and Signage for Yacolt Town Park • City of Yacolt

\$1,400 funded in partnership with US Bank. The Parks Foundation is proud to partner with US Bank in providing funding for security lighting and safety signage in this newly redesigned and upgraded park.

FUNWAGON

FunWagon • City of Vancouver

Unstructured, supervised, safe play is not enough of a built-in component in many of today's children's lives. The FunWagon will bring free arts, crafts and active games to 10 neighborhood parks throughout the summer. Parents and care givers are invited to engage in the activities. The Parks Foundation raised \$12,180 this year to keep the fun rolling!
